

Lesson Plan 3
(ChatGPT)

Prompt: Give me a 30-minute lesson plan to review last night's unit reading on how pollution affects wildlife in our ESL class

Lesson:

30-Minute ESL Review Lesson: How Pollution Affects Wildlife

Objective: Students will review key ideas from the reading and practice speaking, listening, reading, and vocabulary skills.

0–5 min: Warm-Up

Write on the board:

- What is pollution?
- How can pollution hurt animals?

Students discuss with a partner for 2 minutes, then share ideas with the class.

5–10 min: Vocabulary Review

Write 6–8 key words from the reading (e.g., pollution, habitat, plastic waste, chemicals, endangered, ocean, species).

In pairs, students:

- Match words with definitions.
- Use each word in a sentence.

Quick class check.

10–18 min: Reading Recall Activity

Put students in small groups.

Ask them to answer:

- What types of pollution were mentioned?
- Which animals were affected?
- What happened to those animals?
- What solutions were suggested?

Groups compare answers and report back.

18–25 min: Speaking Activity

Give each group one discussion question:

- Which type of pollution is most dangerous for wildlife?
- How does plastic pollution affect marine animals?
- What can people do to reduce pollution?
- Who is responsible for protecting wildlife?

Groups discuss for 3–4 minutes and then share one main idea with the class.

25–30 min: Exit Ticket

Students individually write:

1. One thing they learned from the reading.
2. One effect of pollution on wildlife.
3. One action people can take to help.

Collect responses as students leave.

Materials: reading text, board, vocabulary cards or worksheet, paper for exit tickets.
